

Make your next **sustainability report** one that stakeholders can trust with **Speeki Guardian[®]** assurance

Why sustainability reporting assurance matters

01

Rebuild trust

Greenwashing and false claims have eroded confidence in corporate sustainability reporting.

02

Be transparent

Investors, financiers and customers want to know that your sustainability claims are true.

03

Exceed expectations

Assurance proves your commitment to sustainability and gives your company a competitive edge.

Make assurance part of your plan with Speeki Guardian®

Speeki Guardian® provides independent assurance of sustainability reports in line with CSRD and ESRS, IFRS S1 and S2, GRI and beyond.

Independent approach – no conflicts of interest

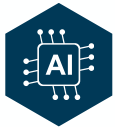

Fixed price, no surprises – clear from the start

Experienced auditors – 15+ years in the industry

Global coverage – any country, any language

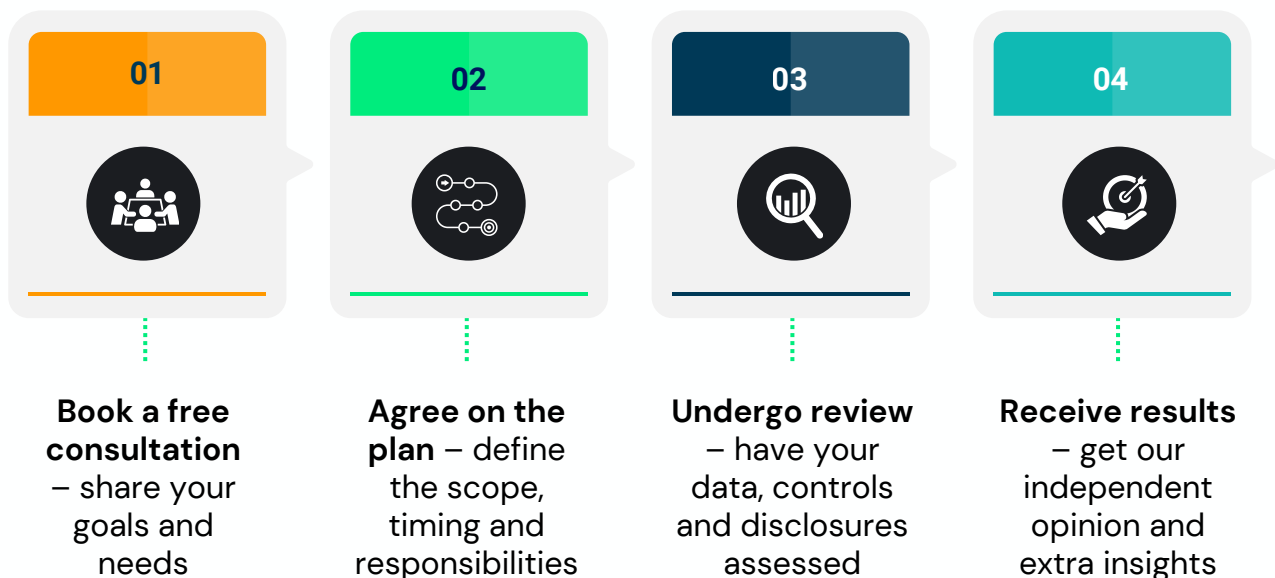

Technology-driven – AI-powered Engage® platform

Improvement-focused – insights that add value

Sustainability assurance made simple in four steps

With Speeki, the process is straightforward and structured from the start.

Trust starts with assurance.
